

Luxury Home Automation

Bring your style to life

From the moment you wake to when your head hits the pillow, Crestron makes your home more comfortable, convenient, and luxurious. Automatically, or with just a tap, our beautifully invisible technology gives you personalised control of everything. Shades rise silently to welcome the morning sun. The lights under your cabinets turn on as you enter the kitchen. Your favourite streaming music station follows you from room to room. Create home automation scenes with ease perfectly tailored to your one-of-a-kind lifestyle.

7" Touch Screen

Experience the luxury of perfect control

20" Wall Mount HD Touch Screen Display

Kitchen

More than a place to prepare food, today's modern kitchen serves as the ultimate gathering place. With Crestron, you can bring the conveniences of the rest of the home into your kitchen without the clutter.

Check the weather, sports scores, or a recipe on the Internet while cooking dinner. Shut off lights, view security cameras, and adjust the temperature in other rooms while watching your favourite TV show or Blu-ray™ movie.

Living Room

Whether reading a book on a rainy day, enjoying a romantic evening, hosting a gathering with friends, or just hanging out in front of the TV, Crestron gives you one touch control of your entire home.

Handheld Wireless Touch Screen Controller

Dining Room

Entertain and create the perfect ambiance with just a tap. From your choice of discreet designer keypads, adjust light dimming and shades. While you're there, select and listen to your favourite music - CD, iTunes®, even Spotify - in every room from our high-energy in-ceiling speakers.

Cameo® Flush Mount Keypad Controller (Actual Size)

Bedroom

At the end of a long day, settle into the comfort of your bed and let all your stress melt away. Just select “goodnight” on your Crestron touch screen to turn off all the lights, lower the shades, and adjust the temperature.

Tabletop 7" Touch Screen

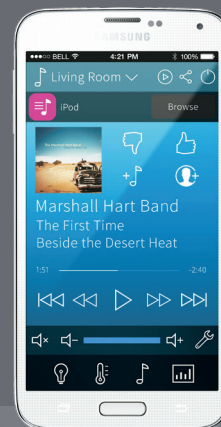

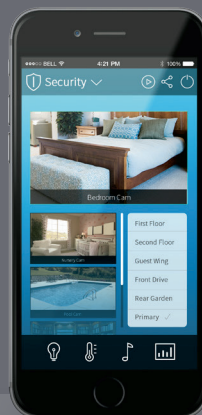

Personalise your smart home

Once your Crestron system is complete, Pyng technology makes it easy and fun to personalise any scene or setting to make your smart home even more comfortable, convenient, and luxurious. All of your settings are backed up in the cloud so you can make changes with total confidence.

You're Always in Control

Use your smart phone, tablet, or laptop to control your home from anywhere. Check on the kids at home, or your elderly parents in another country. You can even adjust the temperature on the way to your holiday home.

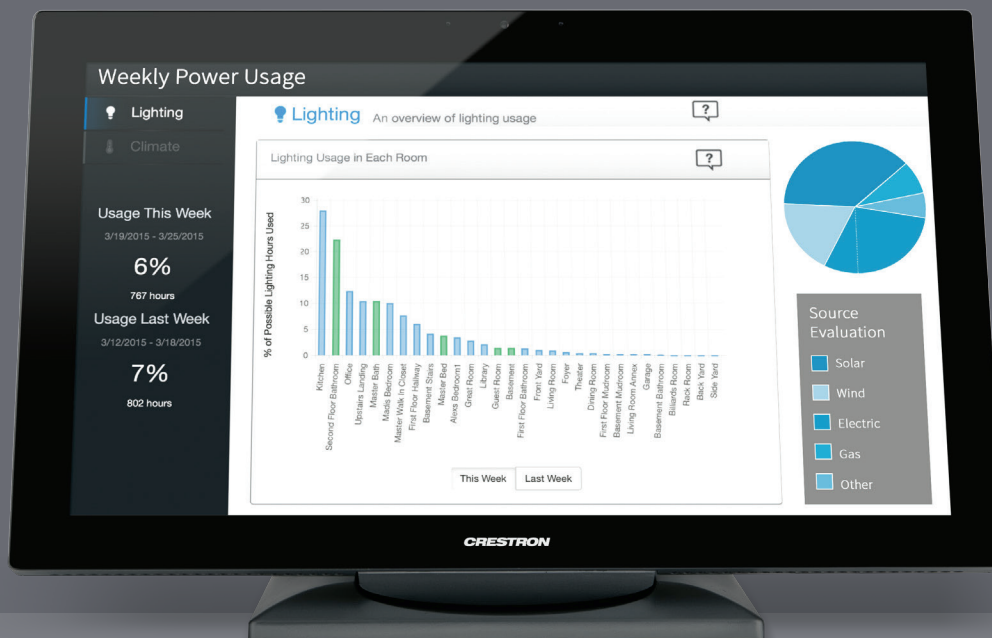

Crestron Apps
for iPad, iPhone
and Android

Save Energy

Crestron makes your smart home even smarter by learning how you use technology and suggesting adjustments to save energy and money. For example, if you are leaving lights on in the study during the day when no one is home, your Crestron system will let you know.

15" Table Top HD Capacitive Touch Screen Display
